# retail cleansing options

product	skin condition	ingredient features	benefits	directions
<p>Soothing Eye Make-Up Remover</p> 	All skin conditions	An oil and alcohol-free gel that will remove eye make-up quickly and gently. Formulated with Silk Protein Amino Acids to help strengthen the lashes.	To effectively remove all traces of eye make-up without irritation or puffiness of the eyes. Gentle enough even for contact lens wearers.	Apply a small amount to wet cotton pads and remove eye and lip make-up by massaging gently over the eye area
<p>PreCleanse</p>  <p>#PreCleanse</p>	All skin conditions	A lightweight Olive and Apricot Kernel-based cleansing oil, fortified with Kukui Nut, Borage Seed and Rice Bran oils.	Dissolves oil-based make-up, sebum, sunscreens and environmental pollutants from skin's surface, enabling skin to be thoroughly cleansed.	Apply PreCleanse to a dry face and massage over area. Emulsify product by dampening hands and repeating movements. Remove with tepid water. Use a.m. and p.m.
<p>Dermal Clay Cleanser</p> 	Oily/congested	A purifying blend of clays combined with refreshing and cooling Menthol. Fortified with healing and detoxifying botanicals and vitamins.	Thoroughly cleanses and purifies an oily skin with a cooling action. Soothing, absorbent and cleansing in a totally water-soluble base.	Apply a small amount to a damp skin and massage over face and throat. Rinse with tepid water and repeat. Use a.m. and p.m.
<p>Special Cleansing Gel</p> 	All skin conditions	A soap-free foaming lather of Quillaja Saponaria and Lavender thoroughly removes impurities without stripping.	A rich foaming wash in a Balm Mint base, to ensure a quick, easy and gentle cleanse.	Foam a small amount with water and massage over face and throat. Rinse with tepid water and repeat. Use a.m. and p.m.
<p>Essential Cleansing Solution</p> 	Dry and prematurely ageing skin	Formulated with a Citrus Flower Extract base and soothing Safflower Oil to thoroughly cleanse. Vitamins C and E, Hops, Horsetail and Pinecone aid cell renewal.	Effectively removes all make-up and debris with the most gentle cleansing action while nourishing even the driest skins.	Apply a small amount to a damp skin and massage over face and throat. Rinse with tepid water and repeat. Use a.m. and p.m.

## retail exfoliation options

product	skin condition	ingredient features	benefits	directions
 <p><b>#DailyMicrofoliant</b></p>	All skin conditions except users of medically prescribed exfoliating products	Phytic Acid, Papain and Salicylic Acid promote microfoliation.	A unique rice powder formula using both chemical and physical exfoliants to microfoliate debris. Leaves skin smoother and brighter.	Mix ½ tsp. of powder into very wet hands and massage over cleansed skin for 1 minute. Rinse thoroughly.
	All skin conditions except users of medically prescribed exfoliating products	Salicylic Acid, Bacillus Ferment, Hibiscus, Apple and Sugar Cane Extract exfoliate and increase cell renewal. Citrus Unshiu Peel and Rice Extract help even skin tone. Rooibos Tea and Green Tea help soothe and calm skin.	Resurfaces and smoothes skin's surface as it stimulates the exfoliation of cells, prepping the skin for conditioning with intensive humectants, antioxidants and brightening agents; minimises fine lines, and firms skin texture.	Use daily, touch pad to face and apply fluid to skin in a gentle circular motion. Work over entire face, use caution around eye area to avoid getting into eyes. Let treatment solution dry, about 2 to 3 minutes before applying a Dermalogica® Booster or moisturiser. There is no need to rinse or remove Daily Resurfacer.
	All skin conditions except users of medically prescribed exfoliating products	Natural Corn Cob Meal ensures a gentle exfoliation. Combined with soothing Aloe Vera and Vitamin C to stimulate cell renewal.	Exfoliate to gently polish away dead surface cells, leaving a soft, smooth skin with a better absorption of treatment Boosters and moisturizers.	Quick and easy to use. Apply to a cleansed, damp skin or mix with cleanser and massage gently over face and throat. Rinse thoroughly.
	All skin conditions except users of medically prescribed exfoliating products	Five-part Hydroxy Acid and enzyme exfoliant to provide unparalleled re-texturizing. Combined with soothing botanicals.	A non-abrasive product to loosen and dissolve dead skin cells, clogging the opening of the follicles and causing a dull appearance. Leaves skin smooth and revived.	Smooth a thin layer over cleansed face and throat, avoiding eyes and lips. Let activate for 5-10 minutes and rinse thoroughly.

## retail masque options

product	skin condition	ingredient features	benefits	directions
<p>Skin Hydrating Masque</p> 	All skin conditions	Unique cross-linked Hyaluronic Acid increases hydration and improves elasticity. Antioxidant Tomato Seed Oil rejuvenates stressed skin and restore barrier lipids, while Canadian Willow herb calms the skin.	A refreshing masque that delivers time-released hydration and stimulates the skin's natural moisture levels to restore protective barrier for healthier, smoother skin.	Apply a smooth layer to clean face and throat. Allow to absorb for 7-10 minutes. Rinse off thoroughly with tepid water. Use 1-2 times per week or as prescribed.
<p>Skin Refining Masque</p> 	Acne-prone/oily skin conditions	A phytochemical active blend of Magnolia, Cedar, Tea Tree, Green Tea, Natural earth clays absorb excess oils. Lentil Seed Extract and Eijitsu Rose reduce sebum and refine pores	A deep cleansing masque lifts away impurities and excess oils to reduce oily-skin breakouts, tighten pores and minimizes shine without over drying.	Apply a smooth film to a clean face and throat, avoiding the eye area. Allow to set for 7-10 minutes. Rinse off thoroughly with warm. Use 1-2 per week or as prescribed.
<p>Charcoal Rescue Masque</p>  <p>#charcoaltotheresue</p>	All skin conditions	Fast-acting, easy-to-remove formula rescues tired, lackluster skin. Activated Binchotan Charcoal powerfully adsorbs impurities while Sulfur promotes cell turnover for dramatically brighter skin.	A powerful detoxifying and brightening masque that works to reveal and smoother, brighter skin.	After cleansing, apply generously to face and throat, avoiding the eye area. After 7 to 10 minutes, lightly massage with very wet hands to enhance physical exfoliation properties during removal. Rinse thoroughly.

## retail toning option

product	skin condition	ingredient features	benefits	directions
<p>Multi-Active Toner</p> 	All skin conditions	Super-saturated concentrations of Aloe Vera provide soothing and healing, with Lavender, Balm Mint and Arnica for nourishment and conditioning.	A hydrating and refreshing, oil-free spritz, to protect and balance the skin in preparation for moisturizer. May be re-applied throughout the day.	Spray evenly over the face and throat after cleansing (eyes closed) and immediately apply moisturizer. Re-apply throughout the day.

## retail booster options

product	skin condition	ingredient features	benefits	directions
<p>Skin Hydrating Booster</p> 	Areas of dehydration	Hyaluronic Acid holds up to 1,000 times its weight in water for hydration and improved elasticity. Panthenol aids in tissue repair while hydrating skin. Algae extracts help restore moisture balance.	Light-weight, clear fluid easily absorbs into skin. Soothes skin and improves suppleness. Restore barrier layer to retain critical moisture levels. Revitalizes parched skin.	Squeeze a small dose onto fingertips and apply to cleansed skin. Massage gently over entire face and throat. Follow with moisturiser.
<p>Gentle Soothing Booster</p> 	Sensitized and easily irritated skin	Concentrated Red Raspberry Extract soothes aggravated skin. Moisture-rich honey helps hydrate the skin. Calming flower extracts of Calendula and Cornflower instantly reduce irritation.	Soothes, sensitive delicate skin while reducing irritation. Helps calm acne or razor burn. Oil-free formula acts as a humectant without adding excess oil.	Squeeze a small dose onto fingertips and apply to cleansed skin. Massage gently over entire face and throat. Follow with moisturiser.
<p>Extra Firming Booster</p> 	Prematurely aged skin with fine, dry lines	Seaweed and Horsetail extracts plus Protein Peptides help firm skin. Red Clover Extract improves skin texture and helps restore moisture. Vitamin C helps correct signs of ageing.	To energize a tired, overworked skin. Increases surface firming and instantly revitalizes with increased circulation	Squeeze a small dose onto fingertips and apply to cleansed skin. Massage gently over entire face and throat. Follow with moisturiser.
<p>Skin Renewal Booster</p> 	Drier, prematurely-ageing skin except users of medically prescribed exfoliating products	Exfoliating complex of Lactic Acid, Salicylic Acid and Hibiscus Extract actively loosen dead surface debris. Soothing Aloe, Chamomile and Cornflower hydrate the skin. Retinol (Vitamin A) helps prevent the signs of photo-ageing.	Promotes exfoliation of the skin, which leads to improved hydration and skin texture. Loosens surface debris to help minimize breakouts and skin congestion. Stimulates new skin cell production, leading to increased skin flexibility and smoothness.	Squeeze a small dose onto fingertips and apply to the face and throat. Follow with moisturiser. For sensitive skins, mix with moisturiser prior to application.

## retail eye options

product	skin condition	ingredient features	benefits	directions
<p>Total Eye Care SPF15</p> 	All skin conditions	Formulated with Lactic Acid to retexturize the skin, and Titanium Dioxide to provide full sun protection guarding against premature ageing.	A multi-purpose treatment to improve fine lines, reduce puffiness, deflect light from dark circles and protect against UV damage. Suitable for all skin conditions.	Gently pat a small amount around the eye area, blending inward from the outer corner. Use daily under make-up or alone.
<p>Intensive Eye Repair</p> 	Dry to ultra-dry skin conditions	Vitamin C, Wild Yam and Butcherbroom diminish the appearance of wrinkles while antioxidants fight free radical damage and botanicals nourish and hydrate.	An ultra-rich eye treatment to provide unparalleled firming and hydration. Relieves dryness and improves texture in helping to repair prematurely aged skin.	Gently pat a small amount around the eye area, blending inward from the outer corner. May be used a.m. and p.m.

## retail moisturiser options

product	skin condition	ingredient features	benefits	directions
<p>Active Moist</p> 	Skin with excess oil	Silk Proteins and extracts of Burdock, Sage and Cucumber hydrate and calm the skin. Humectants bind moisture to the skin with the addition of calming Allantoin for healing.	An oil-free protective lotion. A modern approach to lightweight hydration for a healthy and supple skin.	Apply over a cleansed and conditioned skin in smooth upward strokes. Use a.m. and p.m. with Boosters for additional treatment benefits.
<p>Skin Smoothing Cream</p> 	Drier, prematurely-ageing skin	Contains Silk Amino Acids and essential oils for skin smoothing. Grapeseed, Vitamins and Botanicals provide antioxidant protection to free radicals.	Provides ultra-hydration within a lightweight, highly active cream. Conditioning for maximum healthy skin.	Apply over a damp face and throat after cleansing and conditioning. May be used over Boosters for additional effects a.m. and p.m.
<p>Intensive Moisture Balance</p> 	Dry to ultra-dry skin conditions	Ultra-rich phytonutrient moisturiser. Liposomal delivery of Vitamin C improves collagen synthesis. Antioxidant vitamins and anti-enzyme technology.	Provides maximum nourishment and protection to an ultra-dry skin. With firming botanicals and protective vitamins the skin will appear revitalized and supple.	Apply over a damp face and throat after cleansing and conditioning. May be used over Boosters for additional effects a.m. and p.m.

## retail skin defense options

product	skin condition	ingredient features	benefits	directions
<p>Sheer Tint SPF20</p> 	All skin conditions	Pearl Powder, Olive Fruit Extract, Walnut Seed Extract, crossed-linked Hyaluronic Acid, Broad Spectrum UV protection	Natural, light-diffusing Iron Oxides provide translucent color for radiant skin, while Broad Spectrum sunscreens shield against damaging UV rays. Hydrolyzed Pearl amino acids, hydrating cross-linked Hyaluronic Acid and antioxidant Walnut Seed extracts help improve	After cleansing, toning and moisturizing, dot <b>Sheer Tint SPF20</b> onto cheeks, chin, forehead and nose. Blend evenly with fingertips in light, outward strokes over face and under the jawline to the top of the neck.
<p>Skin Defense Booster</p> 	All skin conditions	Octyl Methoxycinnmate, Octyl Salicylate, Oxybenzone and Avobenzone provide broad spectrum protection. Vitamins C and E, Grapeseed, Hydrocotyl, Coneflower and Green Tea fight free radicals.	A versatile booster to guard against deeper dermal damage from UV. Ideal for clients concerned with premature ageing who wish to add sun protection to their favorite foundation and moisturizer.	Apply directly to the skin , or mix equal parts of Skin Defense Booster with moisturizer or Foundation for enhanced protection from UV rays.
<p>Protection Sport</p> 	All skin conditions	Licorice Extract: an antioxidant that also provides calming and soothing benefits Hyaluronic Acid: hydrates and prevents moisture loss without greasiness	Non-greasy formula feels light and comfortable on skin.	Apply directly to body, preferably 30 minutes prior to sun exposure.

## retail targeted treatments

product	skin condition	ingredient features	benefits	directions
<p>Hydrablur Primer</p>  <p>#HydraBlurPrimer</p>	Dehydrated and oily skin types	<p>H2O release complex™ optimizes hydration levels and smoothness. Elastomers help reduce oily shine and create a blurred effect on lines</p>	<p>Lightweight, non greasy formula creates a smooth canvas with a blurred effect Intense time-released moisture locks in hydration and maintains critical moisture balance</p>	Apply on cleansed skin after prescribed Dermalogica moisturizer and prior to make-up application
<p>Phyto Replenish Oil</p>  <p>#PhytoReplenish</p>	All skin conditions	<p>Phytoactives from Camellia Japonica Seed Oil and Tamanu Oil help restore the skin's natural barrier. Orchid Flower and Chia Seed Oil smoothes visible dehydration lines and locks in critical moisture. Sunflower, Rice Bran and Rosemary extracts shield against free radical damage.</p>	<p>Strengthens and restores skin's natural barrier with phytoactives. Hydrates with an essential lipid blend to smooth visible dehydration lines and lock in critical moisture.</p>	<p>Hold bottle upside down for 2-3 seconds to initiate product flow. After cleansing and spritzing with toner, press 4-6 drops into skin. Follow with recommended Dermalogica Moisturizer. Alternatively, mix with Dermalogica Moisturizer to apply.</p>

# professional exfoliation options

product	Skin condition	ingredient features	benefits	directions
<p>Skin Exfoliant System</p> 	<p>Oily/acneic skins. Do not use if using medically prescribed exfoliating products</p>	<p>A two-part <b>Hydroxy Acid</b> exfoliation system. Enzymes of <b>Papain and Bromelain</b> combine with <b>Lactic Acid, Salicylic Acid</b> and <b>Sulfur</b> to gently but thoroughly detach surface cells and digest the protein of dead corneum cells.</p>	<p>To provide a professional strength exfoliation system that is non-abrasive and active enough even for resistant skins. Softens and loosens plugs of dead skin cells to aid extraction. Improves skin texture and smoothness.</p>	<p>Blend <b>1 scoop of Enzymatic Base, Part A, (1 tblsp.) with Acidic Activator, Part B, (1 tsp.)</b>, until creamy smooth. Apply using the Dermalogica® Masque Brush, leave to activate for <b>10 minutes</b>. Rinse thoroughly. Use under steam for sensitive skins.</p>
<p><b>NEW!</b> Daily Superfoliant</p>  <p><b>#DailySuperfoliant</b></p>	<p>Prematurely aging, pigmented and pollution-triggered skins.</p>	<p>This highly-active powder resurfacer delivers the smoothest skin ever, and helps fight the biochemical and environmental triggers known to accelerate skin aging.</p>	<p>Adsorbs (binds to remove) pollutants from deep within pores, helps prevent adherence of pollutants to the skin, provides antioxidant protection, reinforces the skin's protective barrier.</p>	<p>Mix approximately a ½ teaspoon with water and apply with fan brush. Massage with light circular motions, avoiding eye area, for up to 1 minute. May be used with steam. Remove with steam towel and/or damp sponges.</p>
<p>Multivitamin Therafoliant</p> 	<p>Mature or prematurely aging skin Not recommended for sensitized skin</p>	<p><b>Polylactic acid, silica</b> polishes away dead skin cells to help minimize fine lines <b>Lactic acid, salicylic acid, retinol</b> normalize cells and stimulating new collages formation</p>	<p>Gently polishes dulling skin cells, thermal technology activates upon contact with water to drive ingredients into the skin.</p>	<p>Apply to damp skin and massage in light circular motions for 1-2 minutes</p>
<p>MultiVitamin Power Exfoliant</p> 	<p>Dry, hyper-pigmented and dull, devitalized skins. Do not use if using medically prescribed exfoliating products</p>	<p><b>Salicylic acid, lactic acid</b> and <b>retinol</b> increase elasticity and smooth and retexturize. <b>Vitamin C and E</b> provide antioxidant protection and improve softness and smoothness.</p>	<p>A powerful exfoliant to improve elasticity, exfoliate and visibly reduce the signs of premature ageing.</p>	<p><b>EXTREME CAUTION –</b> Protect eyes and lips with Colloidal Masque Base. Apply contents of one applicator tube to neck, décolleté and face. Massage lightly and leave for <b>3-5 minutes for sensitive skins, 5-7 minutes for coarser skins</b>. Double cleanse for removal.</p>

# Professional extractions

product	skin condition	ingredient features	benefits	directions
<p>Exfoliant Accelerator 35</p> 	<p>Prematurely- aging skin, sun damaged, dehydrated</p> <p>Do not use if using medically prescribed exfoliating products</p>	<p><b>Lactic Acid</b> in a soothing anti-inflammatory  <b>Chamomile Extract Base.</b> <b>Olive Leaf</b> with soothing Polyphenols and antioxidant properties.  <b>Galactorabian</b> complex sugar molecule stimulates skins natural exfoliation</p>	<p>Provides intense exfoliation, helps stimulate cell turnover to help smooth skin while improving texture and tone.</p>	<p><b>EXTREME CAUTION –</b> Protect eyes and lips with Colloidal Masque Base. Dispense <b>1 pump</b> and apply with a spreading technique. Massage over face. <b>Double cleanse for removal.</b> 10 minutes max.</p>
<p>Scaling Fluid</p> 	<p>Congested areas of the skin prone to comedones</p>	<p>A light fluid with an antiseptic, natural botanical base. Uses <b>Saponaria</b>, a natural deep cleanser to soften and relax the skin. Blended with <b>Sodium Salts</b> to allow for Galvanic Disinscrustation.</p>	<p>Dissolves keratinized protein and impacted sebum in congested follicles, allowing for easy extraction without irritation and drying of traditional alkaline-based sodium bicarbonate.</p>	<p>Foam up a small amount in a jelly cup with a <u>dry masque brush</u>. Apply to congested areas and steam for 5-10 minutes. Alternatively use with Galvanic Current on the negative polarity. Remove with sponges after extractions.</p>
<p>Post Extraction Solution</p> 	<p>Areas of the skin where extractions have been performed</p>	<p><b>Tea tree oil</b> aids in soothing and purifying skin while reducing comedones. <b>Salicylic Acid</b> stimulates natural exfoliation, <b>Centipida Cunninghami</b> soothes inflamed, irritated skin</p>	<p>Medicates and purifies follicles. Reduces redness and inflammation. Speeds clearing of existing breakouts and prevents future breakouts.</p>	<p>After completing the manual extraction portion of the core treatment, soak a cotton pad with Post Extraction Solution and apply it to the entire face.</p>

# professional massage

product	skin condition	ingredient features	benefits	directions
<p>Massage Cream</p> 	All skin conditions requiring European style massage	A creamy formula with 50% <b>Safflower Oil</b> for easy slip and glide. Plant extracts of <b>Mallow and Cucumber</b> soothe and moisturize in a completely water-soluble and non-comedogenic medium.	An oil-rich cream that melts and liquefies on contact with the skin's warmth. Provides a smooth, non-drag medium for European style massage.	Apply to face and upper body, wet hands and continue with massage. May be used over the Additives for Aromatherapy massage. Remove with warm water and sponges.
