

Volunteer Handbook 2018

Welcome to the 24th Skills Canada National Competition, being held at the EXPO Centre in Edmonton, AB!

Every year, this event brings together over 550 young people from all regions of Canada, along with their parents and advisors, to compete in over 40 skilled trade and technology areas. The Competition provides an opportunity for young Canadians studying a skilled trade or technology to be tested against exacting standards and against their peers from across the nation. Youth compete to win the honour of being recognized as the best in their chosen discipline.
