SKILLS CANADA NATIONAL COMPETITION

HALIFAX EXHIBITION CENTRE
HALIFAX, NS
MAY 28 - 29, 2019

Halifax, an Atlantic Ocean port in eastern Canada, is the provincial capital of Nova Scotia. A major business centre, it's also known for its maritime history. The city's dominated by the hilltop Citadel, a star-shaped fort completed in the 1850s. Waterfront warehouses known as the Historic Properties recall Halifax's days as a trading hub for privateers, notably during the War of 1812.

The Skills Canada National Competition (SCNC) is the only national, multi-trade and technology competition for students and apprentices in the country.

Each year, more than 550 competitors from all regions of Canada come to SCNC to participate in over 40 skilled trade and technology competitions.

By providing a forum where Canadians can compete at the national level, SCNC provides hands-on work experience related to skilled trade and technology careers.

"The Gene Haas Foundation has given generously to Skills Competitions at the provincial level and at the Skills Canada National Competition.

This gifting has enabled Skills Canada and the provinces to include a Precision Machining and CNC Turning and Milling competition, and brings a high level of technical support provided by Haas local distributors HFO Thomas Skinner and HFO Sirco Machinery. In addition, the Gene Haas Foundation provides monetary awards to the top competitors in the high school and post-secondary competitions.

The Gene Haas Foundation supports the Skills Competitions because together, through this high-level competition, we are helping Canada take its machining skills to another level and at the same time attract youth to this industry."
