## **1 THE ESSENTIAL SKILLS FOR CAREERS IN THE SKILLED TRADES AND TECHNOLOGY**

SCC is currently working with Employment and Social Development Canada (ESDC) in order to bring awareness to the importance of Essential Skills that are absolutely crucial for success in the workforce. Part of this ongoing initiative requires the integration and identification of Essential Skills in contest descriptions, projects, and project documents. The next phase and very important aspect of our Essential Skills (ES) initiative is to provide an ES report card to each competitor at the Skills Canada National Competition. The purpose of the ES report card is to inform the competitor about their current level of essential skills based on their competition scores. With this knowledge, the competitor will be made aware which essential skill may require improvement. Full implementation is expected in the 2017 Skills Canada National Competition.

The following 9 skills have been identified and validated as key essential skills for the workplace in the legend below:

<sup>1</sup>Numeracy, <sup>2</sup>Oral Communication, <sup>3</sup>Working with Others, <sup>4</sup>Continuous Learning, <sup>5</sup>Reading Text, <sup>6</sup>Writing, <sup>7</sup>Thinking, <sup>8</sup>Document Use, <sup>9</sup>Digital

These essential skills have been identified within your Contest Description. The top three Essential Skills for your area of competition have been identified on your Project and all other supporting project documents.

## **2 CONTEST INTRODUCTION**

The animation industry is growing and vibrant, providing an opportunity for creative employment. It requires a combination of technical and artistic skills, the ability to manage time, communicate ideas and work together in a team environment. The purpose of this competition is to provide contestants with an opportunity to compete with others from across Canada to demonstrate key skills and their understanding of the animation process.

The fundamental concepts of animation will be emphasised and implemented throughout the two-day event. The competition will focus on the participants' ability to tell a story through expressive characters and engaging storytelling.

Teams will present their storyboard, pose test, animatic and final product to the judges at specific times during the competition. The final animations will be presented at the end of the competition.

### 3.2 Tasks that may be performed during the contest.

Competitors will be given 12 hours to develop a story breakdown, pose test, animatic, and animation that includes two characters and the following story plot breakdowns; setup, conflict, and resolution. The resolution must have the two characters hugging.

#### **Wild Card**

During the orientation competitors will be given an additional element that must be included in the setup, conflict and resolution of their story. The additional element must be a necessary part of the story plot.

- Competition Breakdown [1 hour]
  - Pre-Production - Story Breakdown: Competitors are required to submit three storyboard panel. One demonstrating the setup, one demonstrating the conflict and one demonstrating the resolution. Storyboard panels must include captions and timing.
  - Pre-Production - Pose Test: Competitors are required to create one pose test per character that demonstrates the personality of their character. A character bio must be included.

**Note:** It is recommended that competitors prepare a character turn around for the two characters they plan on animating. Competitors will be allowed to bring this into the competition site. No marks will be awarded for this.

- Story breakdown and pose-test must be submitted after the 1-hour cut-off. [maximum 3 hours]
  - Pre-Production - Animatic: Competitors are required to create an animatic that demonstrates timing and pacing, cinematography and clarity of story plot while ensuring quality of layout and character drawings. A minimum of three different audio effects need to be included in the animatic. An audio library will be provided with sound effects. No outside sound effects can be used.
- Animatic must be submitted by the 3-hour cut-off. [minimum 8 hours]
  - Animation: Competitors are required to create an animation that follows the animatic submission, demonstrates the principles of animation in each section of the plot (setup, conflict, and resolution), has believability, entertainment value, and cinematography. Audio is synced to the animatic.
  - Animations must be submitted by 2:00 PM, Day 2.
- Technical Requirements:
  - The animation must be 15 seconds exactly.
  - Animatic and animation must be formatted at 1280 x 720 in either .mp4 or .mov @ 24 FPS.
