2019 Competition

Heavy Vehicle Technology (#49)

Steering, Braking, and Undercarriage
Task (5 of 6)

Competitor number _____

Start time _____

Judge's name _____

Finish time _____

Competition Overview

Time limit: 2 hours

Equipment: Tracked machine

Number of tasks: 2

Task 1: Put the vehicle up on stands.

Value 50 %

Task 2: Change a roller on the undercarriage.

Value 50 %

General Instructions:

The judge has all the materials you will need.

If you are unsure about any procedure, you may ask your judge for clarification.

Marks may be deducted if the judge decides you should know the procedure.

Before you start, you must go through the following Hazard Assessment with your judge so that you will be able to work safely.

Hazard Assessment:

This Hazard Assessment is to discuss the following **5 hazards** and the counteractive measures you must take.

Hazard 1: Wheels , drive shafts and engine parts will be rotating during testing

- Keep hands clear of moving objects. (Fan, Pulleys and belts)
- Replace guards before operating the machine
- If the engine must be running communicate your procedure to the judge before proceeding

Hazard 2: Touching powertrain lubricating fluids may irritate skin.

- Latex gloves, barrier skin cream, and wiping cloths are available.

Hazard 3: You might slip off the machine while climbing into the operator compartment

- Face the vehicle and position your hands and feet appropriately.
- Use three points of contact at all times.

Hazard 4: Track tensioners have stored energy even with the key in the off position.

- Relieve trapped pressures and lock out the machine before performing service procedures

Hazard 5: Procedure may require the machine to be raised off the floor for power train testing..

- Confirm all blocking is in the correct position to support the machine before testing
- DO NOT enter the space under the machine if it is operating

Ask
Information

If you do not quite understand or are unsure about the hazards, please ask your judge for assistance.

No marks will be deducted for asking about hazards.

I have read this hazards assessment and the judge has explained it to me.

I understand the hazards and I will take precautions to avoid them.
