

Skills Canada/BC 2022 Dewalt/Stanley Tool Grant Recipient
John Oliver Secondary School – Vancouver School District (SD39)

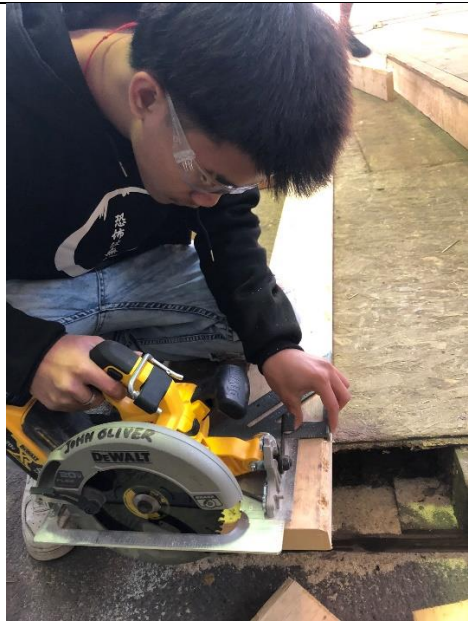

ITA Youth Explore Trades (grades 11-12) '16'-24' Cabin Build– Student were thrilled to use the new Compound Mitre Saw, Corded and Cordless Circular saws, Impact drivers, Levels, air compressor, tool & hardware bins. Students will be using other Dewalt tools as they start on the plumbing/ electrical/ drywall/ etc

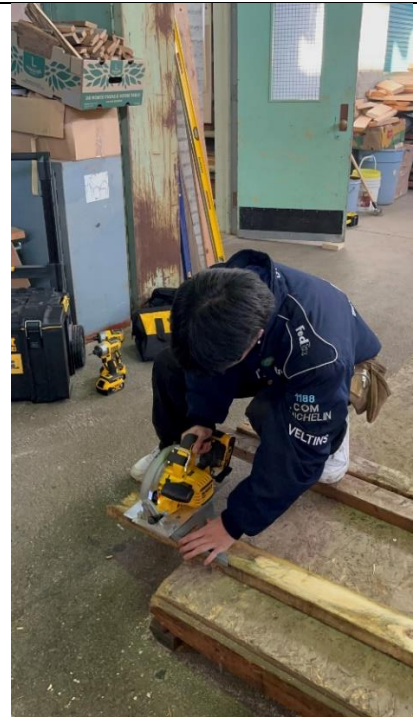

Students unpack tools in late May following Skills Canada Event

Ben & LJ use
cordless DeWalt
Circular Saw to cut
2x6 studs used in
'Cabin Build'

*"The better the tool,
the better work!"*
BN

Braeden use the
DeWalt Compound
Mitre Saw and
DeWalt Planer on
his personal
project in the John
Oliver Woodshop

*"It's' always
nice to work
with such a
reliable brand"*
Braeden

Tyrone uses cordless flashlight to ensure that his finish does not have any runs.

Tyrone displays his completed perfectly level 'Shaker Side Table' with no leg wobbles. He used the impact driver to install his drawer slides.

"It's fun using tools you see on TV" Tyrone

Auto students Kamanjit and Talhaya use the Dewalt ½" Impact Driver to remove and install lug nuts.

"much faster than a racket - and sounds cooler too"
Kamnjit

Krishna uses cordless grinder in the Metalshop to clean up his welds

"It's nice to have tools, it's great to have reliable tools #GOYELLOW" KP

**John Oliver Technical Studies Teachers
Joinery/ Carpentry / Automotive/ Metalwork / Electronics / STEM / Drafting**

“Thanks for providing the tool to further the education of students at John Oliver Secondary.”
John Silver

“It’s pretty hard to ‘wow’ high school students, but the response of our students unpacking the new Dewalt tools was amazing! It feels great as a teacher to know that our students can use the newest ‘cutting edge’ technology in our shops.

Chris Lee

“Thank you for this amazing gift, we’ve already seen the benefits of being able to provide our students with access to quality tools”

Ailin Wong
