1 THE SKILLS FOR SUCCESS FOR CAREERS IN THE SKILLED TRADES AND TECHNOLOGY

In response to the evolving labour market and changing skill needs, the Government of Canada has launched the new Skills for Success (*former Essential Skills*) model defining nine key skills needed by Canadians to participate in work, in education and training, and in modern society more broadly. SCC is currently working with Employment and Social Development Canada (ESDC) to bring awareness of the importance of these skills that are absolutely crucial for success in Trade and Technology careers. Part of this ongoing initiative requires the integration and identification of the Skills for Success in contest descriptions, projects, and project documents. The next phase and very important aspect of our Skills for Success (SfS) initiative is to provide a *Skills Report Card* to each competitor at the Skills Canada National Competition. The purpose of the report card is to inform the competitor about their current level of nine identified Skills for Success based on their competition scores. With this knowledge, the competitor will be made aware which skill may require improvement. Full implementation is expected in the next Skills Canada National Competition.

The following 9 skills have been identified and validated as key skills for success for the workplace in the legend below:

¹Numeracy, ²Communication, ³Collaboration, ⁴Adaptability, ⁵Reading, ⁶Writing, ⁷Problem Solving, ⁸Creativity and Innovation, ⁹Digital

These Skills for Success have been identified in section 2.3 and/or 3.2 of your Contest Description and if applicable, in your Project and supporting documents.

2 CONTEST INTRODUCTION

2.1 Description of the associated work role(s) or occupation(s)

https://www.skillscompetencescanada.com/en/skill_area/cooking/

2.2 Purpose of the Challenge

Evaluating professional culinary skills of competitors by having them cook hot and cold dishes in accordance with established trade rules and standards. Showcasing the trade of cook through competition allows the public a snapshot into the trade of cook while demonstrating new culinary trends and techniques.

2.3 Duration of contest

During the SCNC 2022, the secondary category will be hosted virtually.

The competition for your skill will consist of a total of 8 hours.

A detailed schedule will be posted on our website.

2.4 Skills and Knowledge to be tested.

- Day 1 - Module A: Competencies, Conversion Test, Breakfast Cookery, and Mise en Place for Day 2
- Day 2 - Module B: Two (2) Course Menu (Appetizer, & Main Course)

The NTC's resolution is final, and non-compliance will result in point deductions, or removal from the contest. Any grievances must be directed immediately to a NTC member.

5 HEALTH AND SAFETY

5.1 Safety program

SCC has implemented a comprehensive safety program as health and safety is an integral part of our competitions. Our safety program includes guidelines and procedures to make the work environment in each skill area safer.

5.1.1 Safety manual

As part of our program a safety manual has been created to monitor and document health and safety within each skill area. It includes a definite plan of action designed to prevent accidents. The safety manual will be provided for every skill and these instructions must be followed and respected by all participants and officials at the SCNC.

5.1.2 Safety workshop

During orientation, Competitors will participate in a Safety workshop and they will be expected to work and maintain a safe working area during the competition. Any Competitor breaking any health, safety, and environmental rules, may be required to undertake a second safety workshop, this will not affect the Competitor's competition time.

5.2 COVID-19 Protocol

The COVID guidelines already in place within the participants' jurisdiction would need to be followed during the SCNC. It is the responsibility of the participants (Competitor, Proctors, NTC members, and anyone onsite during the competition) to ensure that the COVID guidelines are respected. Under safe food handling practices ready to eat food should be plated using gloves. With COVID protocols, this is imperative.

5.3 List of required personal protective equipment (PPE) provided by the competitor and/or host facility

- See "required clothing required by the competitor" under section 4.3 for PPE requirements

Note: Competitors who do not have the required protective equipment will not be allowed to participate in the competition
