1 TECHNOLOGY

In response to the evolving labour market and changing skill needs, the Government of Canada has launched the new Skills for Success (*former Essential Skills*) model defining nine key skills needed by Canadians to participate in work, in education and training, and in modern society more broadly. SCC is currently working with Employment and Social Development Canada (ESDC) to bring awareness of the importance of these skills that are crucial for success in Trade and Technology careers. Part of this ongoing initiative requires the integration and identification of the Skills for Success in contest descriptions, projects, and project documents. The next phase and very important aspect of our Skills for Success (SfS) initiative is to provide a *Skills Report Card* to each competitor at the Skills Canada National Competition. The purpose of the report card is to inform the competitor about their current level of nine identified Skills for Success based on their competition scores. With this knowledge, the competitor will be made aware which skill may require improvement. Full implementation is expected in the next Skills Canada National Competition. The following 9 skills have been identified and validated as key skills for success for the workplace in the legend below:

¹Numeracy, ²Communication, ³Collaboration, ⁴Adaptability, ⁵Reading, ⁶Writing, ⁷Problem Solving, ⁸Creativity and Innovation, ⁹Digital

These Skills for Success have been identified in section 2.4 and/or 3.2 (to be completed by SCC) of your Contest Description and if applicable, in your Project and supporting documents.

2 CONTEST INTRODUCTION

2.1 Description of the associated work role(s) or occupation(s)

https://www.skillscompetencescanada.com/en/skill_area/carpentry/

2.2 Purpose of the Challenge

Assess the contestant's ability to accurately and safely complete certain carpentry tasks using generally accepted carpentry practices.

2.3 Duration of contest

Full Competition 12 hours: Day One, 7 hours & Day Two, 5 hours.

2.4 Skills and Knowledge to be tested.

- Quality, accuracy, and attention to detail while performing tasks necessary to complete project.
- Site housekeeping
- Ability to safely work to deadline and manage materials effectively.

- Pre-requisites: Work planning skills⁷, ability to interpret plans⁵ and specifications includes (elevations, sections and details) ability to do trades math¹, and proficiency in the safe use of hand and power tools.
Skills for Success - ¹Numeracy, ⁵Reading, ⁷Problem Solving

3 CONTEST DESCRIPTION

- 3.1 List of documents produced and timeline for when competitors have access to the documents on the Skills/Compétences Canada website

DOCUMENT	DATE OF DISTRIBUTION
Project (Isometric)	January 2024

- 3.2 Tasks that may be performed during the contest

- Project is to be built in metric measurement (plans will be metric only)⁷
- Measuring and laying out components¹
- Cutting material
- Assembly of components⁷
- Construction to be traditional framing methods
- Construction may consist of floor, wall, roof systems and finishing⁷

Skills for Success - ¹Numeracy, ⁷Problem Solving

4 EQUIPMENT, MATERIAL, CLOTHING

- 4.1 Equipment and materials provided by Skills/Compétences Canada:

- 7 1/4" Cordless Circular Saw with blade
- Cordless Drill & Impact Driver
- Cordless Jig Saw and blade
- Required Batteries
- 2 sawhorses per competitor
- Minimum 2-step ladders available
- Speed Square
- 8m/26ft Tape Measure
- Block Plane
- 1" diameter x 6" wood spade bit
- #2 Robertson bit
- All required building materials and fasteners

- 4.2 Tools provided by the competitor:

- Carpenter's belt or apron
- 2' (maximum) level
- Calculator (Construction/Programmable calculators are NOT Allowed)
- Pencils and erasers

- Carpenter's hammer(s)
- Metric or Imperial Framing Square
- Stair/Square Gauges (Button Style)
- Combination square
- Chalk line
- Utility knife with blades
- Sanding block and 2 sheets of sandpaper
- # 2 Robertson bit
- Hand saw(s)
- Maximum 1-½" wood chisel(s)
- Sliding T-bevel
- Cat's paw (nail puller)
- Clamps (overall length must be 18" or less)
- Nail sets
- Drill Bits (Drill Index) 1/16" – ¼" Bits
- Compass

COMPETITORS WILL BE LIMITED TO THE USE OF THE MATERIALS AND EQUIPMENT LISTED ABOVE IN 5.1 AND 5.2. ALL OTHER MATERIALS AND EQUIPMENT WILL BE REMOVED FROM THE SKILL AREA.

NOTE:

Items **Not** Allowed During Competition:

- Premade jigs or fixtures, power tool accessories, homemade tools, or written notes.

4.2.1 Toolboxes Guidelines

TOOLS & TOOLBOXES WILL BE CHECKED DURING ORIENTATION

One of the objectives of SCC is the sustainability of the Competition. As a result, the toolboxes brought by Competitors will be restricted to the following maximum specifications.

The Competitor toolbox must not exceed 1 meter³ in volume. It can be multiple toolboxes, but the total of all toolboxes must not exceed the maximum volume indicated. There is no exception to this rule. If the Competitor toolbox is larger than what is indicated, the Competitor with the guidance of the NTC, will need to remove items from the toolbox and those items will not be used during the competition. All tools must fit inside one or more toolboxes. Tools outside of a toolbox will not be permitted.

4.3 Required clothing provided by the competitor.

- Appropriate clothing for tasks to be performed.
- Sleeveless shirts, sweatpants and shorts are not permitted.

5 HEALTH AND SAFETY

5.1 Safety program

SCC has implemented a comprehensive safety program as health and safety is an integral part of our competitions. Our safety program includes guidelines and procedures to make the work environment in each skill area safer.

5.1.1 Safety manual

As part of our program a safety manual has been created to monitor and document health and safety within each skill area. It includes a definite plan of action designed to prevent accidents. The safety manual will be provided for every skill and these instructions must be followed and respected by all participants and officials at the SCNC.

5.1.2 Safety workshop

During orientation, Competitors will participate in a Safety workshop, and they will be expected to work and maintain a safe working area during the competition. Any Competitor breaking any health, safety, and environmental rules, may be required to undertake a second safety workshop, this will not affect the Competitor's competition time.

5.3 List of personal protective equipment (PPE) provided by Skills/Compétences Canada

- N95 Dust Masks (Optional)
- Hearing Protection (Mandatory Use During Competition)

5.4 List of personal protective equipment (PPE) provided by the competitor:

- CSA approved steel toed boots (Mandatory Use During Competition)
- Hard Hats (Mandatory Use During Competition)
- Safety glasses (Mandatory Use During Competition)
- Gloves (Optional Use During Competition)

Note: Competitors who do not have the required protective equipment will not be allowed to participate in the competition.

6 ASSESSMENT

6.1 Point breakdown

Note: This list is subject to change.

TASKS	/100
Safety	5
Floor framing	15
Trim and finishes	25
Roof framing	30
Exterior structure	20
Efficient use of materials/Professionalism	5

7 CONTEST SPECIFIC RULES

Contest specific rules cannot contradict or take priority over the Competition Rules. They do provide specific details and clarity in areas that may vary from contest to contest. Any additional contest rules will be reviewed during the competitor orientation.

TOPIC/TASK	CONTEST SPECIFIC RULE
Drawing & Notes	<ul style="list-style-type: none"> • The Drawings for the Project will be given to the competitors on the first morning of competition. • Up to 30% of the project may change from the project that is posted on SCC website and will be distributed at beginning of Day#1. • The Drawings must remain face down at the beginning of each day and after lunch until the start is called. • The Drawings must always remain in the skill area. • The Drawings will be returned to National Technical Committee (NTC) during lunch and at the end of each day of competition. • The Drawings will be numbered to match competitor's identification. Each competitor will have their original drawings returned to them. • Competitors are strictly prohibited to take any photos or make copies of the Drawings. Competitors will be expelled from the skill area for taking pictures. • Competitors will not be allowed to bring notes made outside of the competition area (Includes notes made prior to Competition and during break or lunch time).

	<ul style="list-style-type: none"> Any notes taken during the competition must remain on site at all times.
Schedule / Clean-up	<ul style="list-style-type: none"> Competitors must follow the Competition Schedule (Unless instructed by SCC/NTC). Competitors who complete their project before time runs out, are required to clean up their area and return their Blueprints to an NTC to have their time recorded Competitors will be required to help with ½ hour cleanup of tools, materials and skill area at end of day 2
Leaving the site	<ul style="list-style-type: none"> Competitors, NTC, judges and interpreters are required to sign in and sign out if they leave the skill area for any reason outside of breaks and lunch
Tools / Infrastructure	<ul style="list-style-type: none"> Competitors will be allowed time on Orientation Day to check their materials for quantity (as per competition materials list) and quality prior to the contest. If material is missing or wish to exchange a piece of wood, competitors must advise an NTC member. Competitors must plan the use of their materials carefully. Competitors will be provided with just enough material to complete the project Marks will be deducted if Competitors require extra material Marks will not be deducted for natural defects in the material All materials and tools must remain inside the marked construction area of each competitor Competitors will have a maximum of 2 batteries at their construction station at any time Batteries shall be exchanged as needed at the charging station Extra blades for Circular & Jig Saw will be provided at request Competitors will not be allowed to bring pre-made jigs and/or templates to the skill area.
Use of technology - personal laptops, tablets and mobile	<ul style="list-style-type: none"> Competitors are not allowed to bring personal laptops tablets or mobile phones into the skill area National Technical Committee (NTC) members, Interpreters and judges are allowed to use

	personal devices into the skill area with permission of the Chair
--	---

8 ADDITIONAL INFORMATION

8.1 Interpreter

If a competitor requires the help of an interpreter once onsite during the competition, the Skills/Compétences Canada Provincial/Territorial offices must advise Skills/Compétences Canada National Secretariat a minimum of 1 month prior to the competition or this service may not be guaranteed.

8.2 Ties

- Tiebreaker #1: The competitor with the highest score in the safety criteria will be declared the winner.
- Tiebreaker #2: If tie remains, the competitor with the highest score in the Roof Framing criteria will be declared the winner.
- Tiebreaker #3: If tie still remains, the competitor with the highest score in the efficient use of materials/professionalism criteria will be declared the winner.

8.3 Test Project change at the Competition

Where the Test Project has been circulated to Competitors in advance, NTC shall change a maximum of 30% of the work content. Please refer to the Competition Rules.

8.4 Competition rules

Refer to the competition rules of the Skills Canada National Competition which can be found on our website.

9 NATIONAL TECHNICAL COMMITTEE MEMBERS

MEMBER ORGANIZATION	NAME
Newfoundland and Labrador	Amos Pynn
Prince Edward Island	Donnie Brown
Nova Scotia	Josh Hiltz
New Brunswick	Craig Carlin
Quebec	Jovan Mercier-Montminy
Ontario	Len Rance
Manitoba	Scott Savoy – Co-Chair
Saskatchewan	Bradley Dutka
Alberta	Paul Bettio
British Columbia	Thomas Haag – Chair
Yukon	Cory France
Northwest Territory	Mike McCloskey
