ABOUT WORLDSKILLS

Founded in 1950, the WorldSkills Competition demonstrates how important skills education and training is for youth, industries and society by challenging young professionals around the world to become the best in the skill of their choice.

Every two years, the WorldSkills Competition represents the best of international excellence in skilled trades and technologies. Young competitors from around the globe will gather in Lyon with the goal of earning the title of world champion in their Skill Area.

These competitors represent the best of their peers and have earned a spot on their country's team through dedication and hard work. At the WorldSkills Competition, competitors will participate in simulated real work challenges, and will be judged against international quality standards.

ABOUT WORLDSKILLS LYON 2024

More than 1,400 competitors from over 60 Member countries and regions will compete in over 50 Skill Areas representing six sectors:

- Manufacturing and Engineering Technology
- Information and Communication Technology
- Construction and Building Technology
- Transportation and Logistics
- Creative Arts and Fashion
- Social and Personal Services

Throughout the Competition, stakeholders from industry, government, and education are provided with the opportunity to exchange information and best practices regarding industry and professional education at networking events and thought-provoking conferences.

The event slogan is "Where there is a skill there is a way". The competition hashtags are: #WSC2024, #WorldSkills2024 and #WorldSkillsLyon2024.
